Subject: Request for Notice of Violation Review

Vicki,

I thought I had sent this off already but in fact did not. So our conversation via telephone relating to this will be foggy to you I'm sure, but here are the requested data items to schedule the review.

Notice of Violation No. MN2006-03-09-01

Name of operator: Decorative Landscaping

Mine Name: T&M Holdings

I would like to request a meeting with Susan to discuss the fact of violation before the end of this month.

Thanks!
